Summary

I'm a passionate Software Engineer with 2 years of experience building robust, scalable applications that make a real impact. Currently pursuing my Master's in Computer Science at Cal Poly Pomona while working as a Software Engineer Intern at Nextlabs, where I'm building enterprise security platforms that protect sensitive data across global organizations.

Skilled in Java, Typescript, Python and AWS. I am Passionate about leveraging technology to solve complex challenges. Currently open to full-time Software Engineer opportunities where I can contribute to innovative projects and continue growing with amazing teams. Let's connect if you're building something impactful!
